

How to access your MyMedicare account... it is as easy as 1, 2, 3!

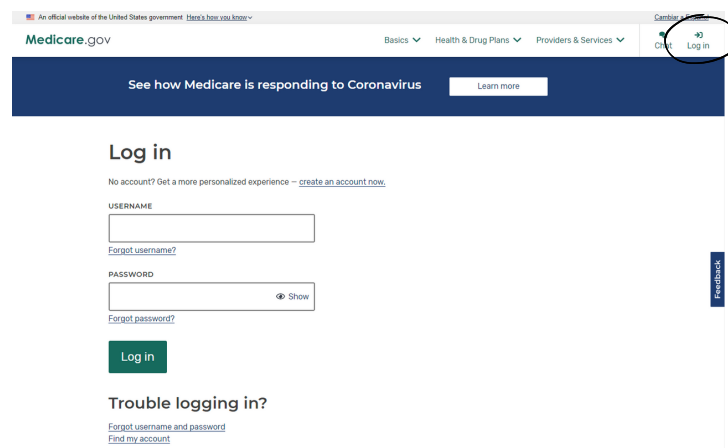

1

If logging in for the first time, locate your Medicare Number, which can be found on your red, white, and blue Medicare card.

2

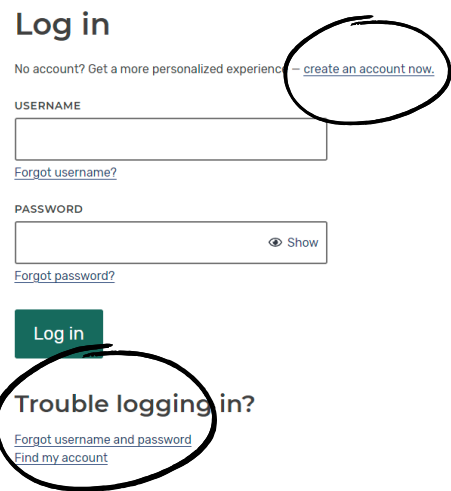

Go to: <https://www.medicare.gov/account/login/>

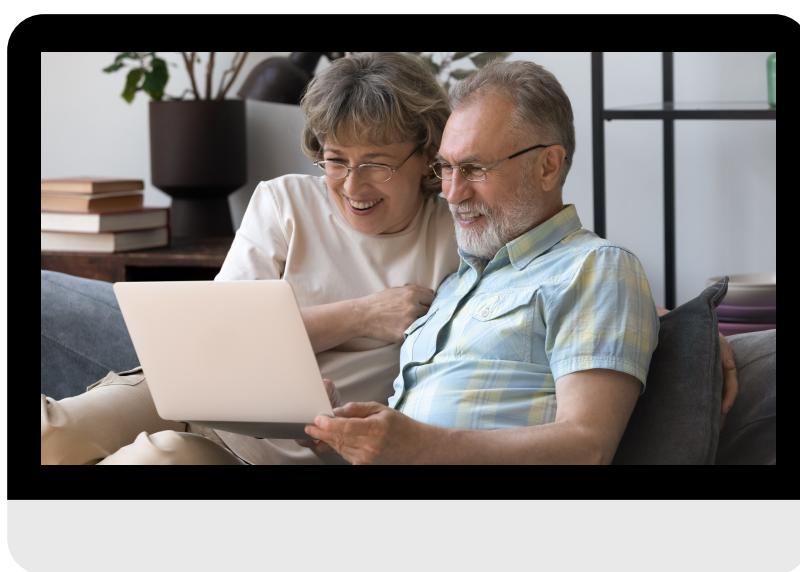

- Or click on the option to "Log In" at the top right corner of any Medicare.gov site page.

3

Log in using your MyMedicare username and password.

- If you do not yet have an account, select "create an account now."
- If you have any issues remembering your account information, you can follow the links provided.

What is "Medicare.Gov"?

Official government organization website for Medicare.

Provides resources and information for Medicare beneficiaries.

Helps user learn general information about savings programs, compare Medicare plans, and more.

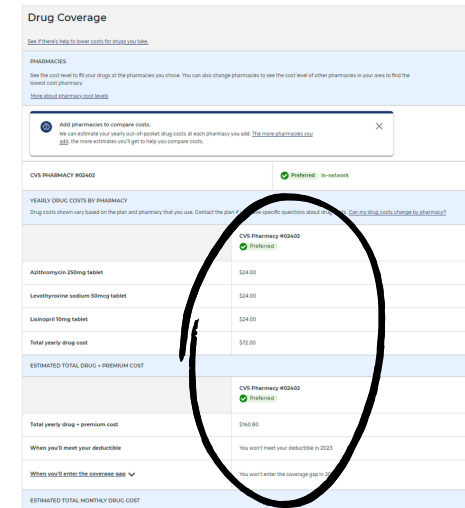

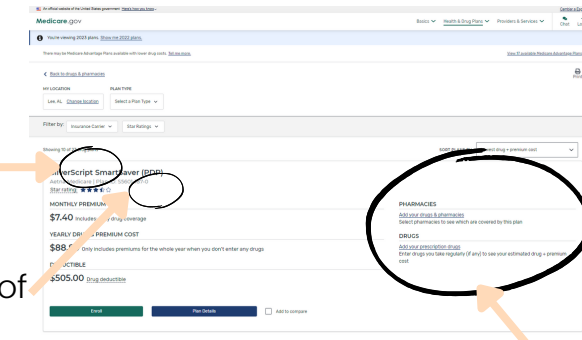

Includes free access to MyMedicare, which helps you to keep track of your health services information and history.

How to compare Medicare plans on Medicare.gov

To compare Medicare plans, go to <https://www.medicare.gov/plan-compare/> and log into your MyMedicare account.

When comparing Medicare plan options, you have the ability to filter plans using a variety of useful tools:

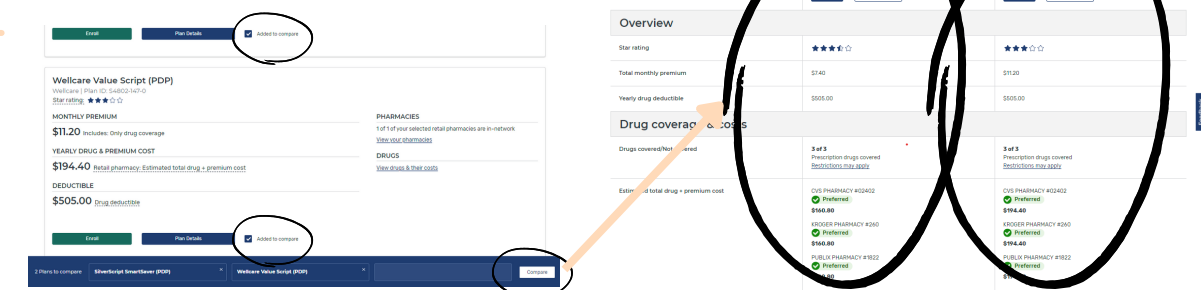

- Add the zip code of your primary residence
- Select the minimum "Star Rating" desired. "Star Rating" is a measure of the various qualities of a plan.
- Add any current or relevant prescription drugs you are taking and the names of your preferred pharmacies.

While viewing a plan's details, you are able to see information related to the in-network coverage you will have as well as estimated drug cost.

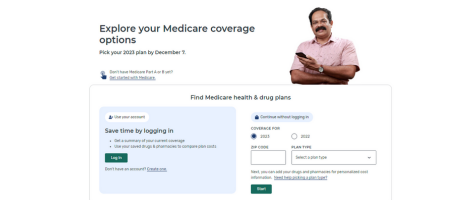

- These estimations come from the details added to your preferred prescription drugs and pharmacies.
- While viewing a plan's details, you are also able to view details related to the "Star Ratings" given to a plan.

Using the built-in plan comparison tool, up to three Medicare plans can be compared side-by-side to quickly see differences at a glance.

Medicare plan choice and MyMedicare assistance

The State Health Insurance Assistance Program (SHIP) in Alabama provides resources to assist future and current Medicare beneficiaries, including access to counseling as you navigate your Medicare decisions.

For assistance, go to: <https://onedoor.alabama.gov/>
Or call: 1-800-243-5463

Navigating MyMedicare information resources

MyMedicare account keeps track of your medical services and history as a Medicare beneficiary.

To access your information, click on your name icon after logging into your MyMedicare and select your desired link.
